

ZIMMER+ROHDE

Hodsoll McKenzie

Flowering

Product data sheet

A branch with flowering apple blossoms, which at some points can just about be seen, while rich and full of colour at others, spans a base fabric made of natural cotton and linen. The elegant, four-coloured matte viscose embroidery is inspired by the French artist and member of the Barbizon school, Jean Francois Millet's A Flowering Apple Tree. It is available in four colours ranging from subtle to playful.
